

Dear eClaimLink Providers,

Payment Model Presentation

As you are aware, the DHA has held a Q&A session on Wednesday 4th November 2015, dedicated for the Payment Model of 2016 and Coding Standards.

You can now find on the ISAHD website a copy of the Presentation which outlines an overview of the session, and also includes the answers for the key questions that were covered during the session.

You can access the presentation using the following path:

www.isahd.ae > **Presentations and Guides** > **For the Healthcare Providers** > [Payment Model for Healthcare Services in Dubai - 2016](#)

Payment Model Template

A copy of the Payment Model Data template file is now available for download on eClaimLink on the Price Increase application form:

eClaimLink Provider Login > Applications > Request for Price Increase > Overview > **Payment Model Data template file**

Any clarifications or inquiries may be addressed through the email: DataHFD@dha.gov.ae. No phone calls to eClaimLink Support and DHA will be entertained to address this process unless for a specific technical issue related to the system.

Best Regards,

Information Desk Officer
