

Dear eClaimLink Users,

eAuthorization Request Resubmission Element

The resubmission element for eAuthorization is part of the PriorRequest Schema.

Providers who are integrated to the DHPO through their own systems have the option to enable resubmissions for eAuthorization. The eAuthorization schema contains a resubmission element – same structure as the Claims re-submission.

To fully utilize this function for eAuthorization, integrated Providers can review their integration and verify that resubmission is functional in their systems.

The schema published on **eClaimLink > DHD > Schema > PriorRequest**.

Documentation for DHPO XML Schema

Definition Type:	Element
Name:	Resubmission
Containing Schema:	PriorRequest.xsd
MinOccurs	0
MaxOccurs	1
Abstract	

XSD Schema Diagram:

XSD Schema Code:

```
<xs:element minOccurs="0" maxOccurs="1" name="Resubmission">  
  <xs:complexType>  
    <xs:sequence>  
      <xs:element minOccurs="1" maxOccurs="1" name="Type" type="tns:ResubmissionType" />  
      <xs:element minOccurs="1" maxOccurs="1" name="Comment" type="tns:ResubmissionComment" />  
      <xs:element minOccurs="0" maxOccurs="1" name="Attachment" type="tns:ResubmissionAttachments" />  
    </xs:sequence>  
  </xs:complexType>  
</xs:element>
```

Best Regards,

Information Desk Officer
