

Dear eClaimLink User,

We are glad to bring to your attention the latest updates on the eClaimLink project:

e-Prescription Documentation Updates

e-Prescription related documents have been updated on eClaimLink. You can download all these documents directly from the eClaimLink website. You can find them posted on the eRx Page or under the Dubai Health Data Dictionary menu (DHD\Documentation, DHD\Schema). Below are the direct links to the documents:

- [e-Prescription Technical Specifications](#)
- [eClaimLink EDSC Release 20131008 \(v4\)](#)
- [eClaimLink BRVR Release 20130619](#)
- [eClaimLink Schema](#)

e-Prescription Testing Environment

e-Prescription testing environment will be finalized and announced on the first week of November in a separate circular. Providers and payers will be granted access to test accounts as well as testing data to utilize the system and provide their feedback for fine tuning.

eClaimLink Latest List Updates

All documents and lists get updated on the eClaimLink Portal on a regular basis. Below are the links to the latest list updates on eClaimLink (log in to be able to access the lists):

- To view the updated Clinicians list, [click here](#).
- To view the updated Providers list, [click here](#).
- To view the updated Dubai Drug Code (DDC) list, [click here](#).
